## Lindisfarne at the BBC (The Charisma Years 1971-1973)

Virgin Marketing - April 6<sup>th</sup>

This two-disc set captures the band at the height of their commercial success, performing an eclectic range of material. It comprises studio and live recordings made for the BBC during their stay with The Famous Charisma Label. The 1971 and 1972 tracks feature the classic Mk I line-up of Rod Clements, Simon Cowe, Alan Hull, Ray Jackson and Ray Laidlaw, and there's a 1973 "In Concert" from the underrated Mk II band.
